The U.S. Office of Personnel Management (OPM) $110 M Data Science and Analytics Support Services Enterprise Wide Blanket Purchase Agreement (BPA) Contract was awarded to Simple Technology Solutions' Joint Venture, Applied Cloud Technologies (ACT)

Applied Cloud Technologies (ACT), was one of only two small business awardees of the OPM Data Science and Analytics Support Services BPA.

Washington, DC. May 2023 - Simple Technology Solutions (STS) is pleased to announce that our joint venture with Applied Information Sciences (AIS), Applied Cloud Technologies (ACT), was one of two small business awardees of the OPM Data Science and Analytics Support Services BPA. This contract win is a testament to ACT's exceptional data engineering and machine learning capabilities, and underscores the JV's commitment to delivering enterprise data solutions for federal agencies.

STS's Data and Machine Learning Practice Lead, Katie Leonard, said, "OPM provides pivotal services to all federal agencies and employees. We are proud to support such an important, far-reaching mission."

This further enriches STS's growing portfolio of federal Data and Machine Learning contract awards. Among these programs, STS proudly contributed to building an enterprise data lakehouse and centralized reporting capability for the Court Services and Offender Supervision Agency (CSOSA), exemplifying their ability to unify disparate agency data sources on a single cloud platform for improved data quality and business insights. Furthermore, for a prominent Department of Homeland Security agency, STS played a pivotal role in deploying expansive entity resolution and text extraction and classification capabilities using large language models .

This contract represents a significant milestone for STS and ACT, as they continue to make substantial strides modernizing enterprise f technology solutions within the federal sector.
